

## projekt0708: Securing the best professionals with SuccessFactors® Recruiting

How can a company find highly qualified professionals faster, and retain them in the long term? Pursuing this question is the core business of service provider projekt0708, which supports customers such as Rohde & Schwarz, Knorr-Bremse or KfW with SAP-based IT solutions for HR. The Munich-based company relies on SuccessFactors® Recruiting. Using this software, projekt0708 can make an offer to suitable candidates within three days – and hire highly coveted talent long before competitors finds them.

# projekt0708: First offer to a candidate in just three days

One step ahead of the competition

## Objectives

- Win the „war for talents“
- Convince qualified talent faster, and hire them faster
- Strengthen the employer brand
- Implement efficient recruiting processes

## Why SuccessFactors Recruiting?

- Cloud application with no need for internal maintenance
- Continuously improved with new functions, thanks to automatic updates every three months
- Solution can be customized and can fulfill all individual requirements
- One provider, different HR solutions: Other modules can be ordered quickly, with no time-consuming implementation

## Benefits

- Digital application process; no more back-and-forth trails of emails
- Complete overview of application status, anytime and from anywhere
- High degree of flexibility due to mobile use of the solution
- Online tool can be tailored to target audience
- More positive external image towards clients and applicants, due to fast and professional recruiting process
- Audience-specific job postings can be created quickly
- More applications since introducing the solution

“Professionals in our industry can normally choose between the large IT companies and small consultancy firms. Given the strong competition for talent, we only have a chance if we can offer a first-class work environment and if our recruiting is very fast and flexible. All that is possible with SuccessFactors Recruiting.”

Matthias Grün, CEO, projekt0708
