

# Cloud Integration Architect

(all genders)

### Why projekt0708?

Are you looking for a job that perfectly combines the advantages of in-house development and consulting? Do you want to be at the cutting edge of technology, be able to develop freely both professionally and personally, and do all this with little travel? Then you are exactly right with us! We are fresh, modern, innovative, agile and do exciting projects with cool customers (take a look at our [references](#)). The job is fun, challenging and the colleagues are more than just colleagues.

Contact person	Your Job	Time model	Location
Gabriela Hein	Cloud Integration Architect  (all genders)	Full time or part time (min. 24 hours)	Munich, Hamburg, Barcelona or remotely (Germany / Austria)

### What you can look forward to

- You will work in pioneering (inter-)national integration projects of the varying degrees of complexity at exciting companies - from hidden champions to global players
- You will be responsible for the technical evaluation, conception, architecture design and implementation of integrations - both for new and existing projects
- You will develop both the front-end and back-end and enable the mapping of various business processes of our customers as well as the seamless integration of third-party systems into their IT landscape with the SAP Integration Suite
- In addition, you will have the opportunity to participate in the development of cloud-based products and the optimization of already existing in-house developments
- An individual development plan as well as internal & external trainings will deepen your knowledge in the programming languages and services relevant for cloud solutions

### You'll fit in with us if...

- ...you bring in-depth professional experience in software development and are fit in the programming languages JavaScript and Groovy
- ...you have knowledge in API management as well as the integration of Open Connectors for connecting external services and platforms
- ...you have experience with BTP CPI
- ...you ideally have initial experience with one of the following cloud platforms: Microsoft Azure, Amazon WebServices or Google Cloud Platform
- ...you like diversified activities, you are structured and organized and want to move things forward
- ...you enjoy working in a team and collegiality is important to you
- ...you have a very good command of German and English and a low willingness to travel

### Our corporate culture

- You can expect a unique team spirit, flat hierarchies and a working environment characterized by the hybrid model
- We are on a first-name basis and also like to wear our p78 hoodie outside of customer meetings
- You have a cool idea? We support and encourage you to realize it
- Our mission: People are our passion, technology our element. With creativity, innovation and passion, as one ambitious team, we create digital solutions that inspire people, ensure the success of our customers and make them fit for the challenges of tomorrow
