## What you can look forward to

- You will work on pioneering (inter)national recruiting & employer branding projects of varying degrees of complexity and technical focus at exciting companies - from hidden champions to global players
- You continuously develop our clients' career sites and find individual solutions beyond the SAP standard
- As a competent technical expert, you will provide after-go-live support and advise our customers on development technology throughout the entire project
- You will optimize our existing recruiting products & add-ons as part of a team and develop new solutions; you will work closely with our (technical) consultants and external partner companies to help improve the user experience for our customers
- An individual development plan as well as internal and external training will deepen your knowledge of the relevant programming languages and the latest technologies

## You'll fit in with us if...

- ...you ensure smooth communication with your empathetic nature and have a strong customer focus
- ...you have sound professional experience in front-end development based on HTML, CSS/SASS and JS. Additional frameworks such as React, Angular, Vue.js, etc. are an integral part of your skill set
- ...you have expertise in web performance optimization, responsive web design as well as cross-browser and device compatibility
- ...you have the desire to contribute your own ideas, like to think outside the box and collegiality is important to you
- ...you have a basic willingness to travel
- ...you have a very good command of English and ideally German

## Our corporate culture

- You can expect a unique team spirit, flat hierarchies and a working environment characterized by the hybrid model
- We are on a first-name basis and also like to wear our p78 hoodie outside of customer meetings
- You have a cool idea? We support and encourage you to realize it
- Our mission: People are our passion, technology our element. With creativity, innovation and passion, as one ambitious team, we create digital solutions that inspire people, ensure the success of our customers and make them fit for the challenges of tomorrow
